Left Photo- Dep. Graziano visiting with Corbett residents on their porch while "social distancing" during the Pandemic.

Right Photo- Deputies and Corbett Fire responded to a residence after a concerned neighbor requested a "welfare check" at a residence. An elderly man was found to be inside and he had not eaten for five days, nor drank water for three days. The man had collected rain water from an area where his roof had partially collapsed due to age and lack of maintenance. The man had no living family or friends. The Corbett Fire Chief graciously took the man to lunch and allowed him to stay in guest room for several days until the Chief found a care facility placement for the man.

This past month, Corbett residents have reported a significant number of "suspicious vehicles" and/or persons in the area. Although the majority of those contacted by deputies are simply making a brief escape from the homes or apartments in town, there have also been at least a half dozen vehicles that have engaged in some form of suspicious activity such as driving up private driveways or giving conflicting statements when confronted. A current list of suspicious vehicles is posted on the Citizen Patrol website:
